D.O. 21/6/43

Bangalore,
18 June 1943.

My dear Vedavyasacharya,

I am desired to say that the question of settling soldiers on the land after the war is engaging the attention of the Central Government, and that it has been suggested that there might be cultivable land available for this purpose in some Indian States. In cases where such settlers would be welcomed by States and where uncultivated but cultivable land, with a possible water supply, is available for development at moderate cost, the Central Government might be prepared to make a financial contribution towards the implementation of any such scheme.

2. I am therefore to enquire whether there is any such land available in the Mysore State which the Government of Mysore would like to develop in this manner. If so details regarding the extent and position of the land may kindly be indicated. I am also to enquire whether, in the event of the Government of Mysore desiring to participate in the scheme, the Government of Mysore would be willing to allow Sir Colin Garbett, or some other senior official deputed by the Defence Department, to visit the area and discuss the matter with the State officials concerned.

Yours sincerely,

V. Vedavyasacharya, Esq., B.A.,
Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore.

Dear Sir,

Please refer to your D.O.No.R.F. 168-43/G.&.A. dated 18th June 1943 enquiring whether there is any uncultivated but cultivable land available in the Mysore State for settling soldiers after the war. I am desired to state that there is no suitable land in healthy tracts which can be made available for the colonisation of soldiers.

Yours Sincerely,
